ALTEC LANSING®

inMotion™

PORTABLE AUDIO

sound you'll want to carry around!

The more things change, the better they get. Take the new Altec Lansing inMotion iM7, for example. It's ushering in a whole new era of sound for the iPod. Full-bodied, fully portable sound. Sound that rivals traditional home stereo systems. But then there's nothing traditional about it. The inMotion iM7 features highly advanced neodymium drivers and tweeters, plus a powerful, built-in subwoofer. Running on batteries or plugged into the wall, it gives you complete mobility. It even features a wireless remote for control of both the iM7 and your iPod from across the room. And the inMotion iM7's sleek, ultra-refined design will make you want one for its looks alone. So, want to know what the iPod's ideal traveling companion looks and sounds like? There's only one way to find out.

iM7

- ***high performance everywhere you go***

  Patent-pending high efficiency digital amplification delivers consistent, powerful sound from a compact system.

- ***deep bass***

  Feel the exceptional low frequency bass from the built-in 4" side-firing subwoofer enhanced with revolutionary XdB technology.

- ***smooth mids***

  Two 3" *neodymium drivers* deliver smooth mids and mid bass.

- ***crystal-clear highs***

  From two custom-designed 1" neodymium tweeters.

- ***built-in iPod cradle***

  Adjusts to fit your iPod and recharges it while you listen.

- ***portable design***

  Runs on batteries* or plugs into the wall.

- ***video output for ipod photo***

  Play your photo albums on most TVs.

- ***wireless remote and built-in controls***

  Basic iPod functions, as well as the speaker system's stand-by, master volume, bass, and treble are at your fingertips with a wireless remote. Just sit back and enjoy!

- ***convenient auxiliary input jack***
